PERSONAL PROFILE

With over 4 years of experience, I am a versatile software developer skilled in React, PHP, Laravel, Node.js, Vue.js, Flutter, and React Native. My experience includes creating e-commerce platforms, content management systems, Saas apps and real-time chat applications. With a focus on user-centric design and robust development, I bring expertise in driving project success. I'm committed to staying at the forefront of software development trends to contribute effectively to future projects.

- **A strong command of both front-end and back-end technologies, including front-end/back-end frameworks.**
- **Expertise in database design, querying, and management, with proficiency in SQL and NoSQL databases like MySQL, MongoDB, or Firebase.**
- **Strong hands-on experience in Ajax programming, with RESTful APIs, Graph QL consumption**
- **Proficient in responsive design and mobile-first development principles to deliver a seamless user experience across various devices.**
- **Familiar with Version Control like git and github, and CI/CD piplelines**

SKILLS

- **Front End :** HTML,CSS, Javascript , Vue, React, Next js, Typescript, Tailwind, Bootstap, Bulma, Material UI, Postman

- **Backend :** Laravel, Php, Firebase, Node, Java Express, MongoDD, Sql. Digital Ocean, Docker

- **Soft skills:** Time management, Communication Skills, Problem solving , Team work.

- **Blockchain and Web3:** Solidity. Metamask, Hardhat, DApps

- **Mobile Development:** Flutter, React Native , Java

- **Version control:** GIT, GitHub

WORK EXPERIENCE

Mobile Application Developer, NetApps Technologies, Abuja Nigeria . Sept 2023- Present

- Led the development of a mobile app(React Native and Typescript) for Nigerian Government Agencies(Nigerian Communication Commission).
- Integrated a complex backend APIs, ensuring seamless communication between the mobile app and server.
- Utilized GitLab for version control and implemented GitLab CI/CD pipelines to automate the build and deployment processes.
- Spearheaded the creation of reusable React Native components, streamlining development processes and facilitating collaboration with senior developers in the implementation of financial technology (fintech) applications.
- Played a key role in enhancing user experience and operational efficiency by suggesting and delivering innovative interface designs to the UX/UI team, resulting in a more intuitive and visually appealing mobile interface.
- Successfully integrated third-party APIs and SDKs into the mobile app, expanding its functionality and ensuring seamless interoperability with external services.

Core Mobile & Web Developer, Hedreg Group, Abuja Nigeria . Feb 2023- Sept 2023

- Led a team of 2 in the development of web and mobile applications using React, Node.js, Laravel, and Flutter.
- Played a pivotal role in improving the system's security by rectifying vulnerabilities that attackers had exploited due to vulnerability of the code base.
- Successfully refactored the legacy PHP codebase to Laravel and React enhancing code maintainability and scalability which significantly improved the user experience and set a solid foundation for future development
- Utilized expertise in mobile app development to enhance fintech applications and deliver seamless financial services.
- Actively contributed to the creation of new projects using React,Node demonstrating the ability to build innovative, solutions that met project requirements.
- Successfully integrated with fintech-specific APIs, services, and payment gateways for multiple projects.

Web Developer | Bravelite , Abuja, Nigeria. Febuary 2022 - JAN 2023

- Spearheaded the development of custom SaaS platforms from the ground up using React, PHP and Laravel, delivering robust and scalable solutions tailored to clients' specific business needs.
- Optimized and maintained existing projects, significantly reducing codebase size for improved website speed and responsiveness by 40%. Additionally, applied UI enhancements to provide a more visually appealing and user-friendly experience.

Mobile App Developer | Motiv8 Technologies, Niger, Nigeria (April 2021-Nov 2021)

- Led the development of mobile applications for iOS and Android platforms using flutter, focusing on delivering user-friendly and performant solutions.
- Gained proficiency in web development, with a specialization in React, contributing to web projects and enhancing the company's online presence.
- Achieved significant milestones, including the successful launch of key mobile apps, and consistently improved app performance and user satisfaction.

Freelancer (2019-2021)

- Independently executed full-stack development projects for various clients, ranging from mobile app development to web applications.
- Demonstrated versatility by working on diverse tech stacks, including mobile app development for iOS and Android, as well as web development.
- Managed client relationships, including project scoping, requirements gathering, and regular communication, ensuring client satisfaction and project success.
- Delivered high-quality solutions on time and within budget, showcasing strong problem-solving skills and a commitment to meeting client objectives.
